

**Safer Roads
for Every Arkansan**

PAID FOR BY VOTE FOR ROADS. VOTE FOR ISSUE 1.

2020 Arkansas Transportation Sales Tax Continuation Ballot Question – Issue 1

WHAT IS ISSUE 1?

Issue 1 is a legislatively referred constitutional amendment resulting from House Joint Resolution 1018 of the 2019 Arkansas General Assembly. Issue 1 will appear on the November 3, 2020 general election ballot.

In 2012, Arkansans voted in favor of establishing a one-half percent (.5%) sales and use tax dedicated to fund our state highways, county roads, city streets, and bridges. This critical funding is set to expire in 2023. The intent of Issue 1 is to continue this needed revenue stream that provides dedicated funding for our state's roads and bridges.

The purpose of the Vote for Roads. Vote for Issue 1. campaign is to ensure that Arkansas voters understand the importance of a safe and reliable infrastructure system. The lack of an adequate, long-term, stable, and sustainable funding source for Arkansas roads will negatively impact all of Arkansas. When voters go to the polls in November 2020, they must be well-informed on why Arkansas needs Issue 1.

At risk is the loss of a much needed and existing funding source that provides for our state's highways, roads, streets, and bridges. The failure of Issue 1 would result in a detrimental funding gap to maintain our highway system. Additionally, counties and cities across the state would lose a substantial portion of their local road and bridge budgets.

A "Yes" vote for Issue 1 supports the continuation of this dedicated funding source for Arkansas roads.

WHAT WILL ISSUE 1 DO?

The total revenue that will be generated for Arkansas roads as a result of Issue 1 is estimated to be \$290 million annually. Of this, \$205 million will go to the Arkansas Department of Transportation and the remaining \$85 million will be split between Arkansas cities and counties.

Issue 1 will help make our state highway system safer by improving over 7,000 miles of roads and repairing dangerous bridges. Issue 1 will help relieve heavy traffic congestion on highly traveled roads. Issue 1 will support over 3,600 jobs annually and provide \$8.2 billion in economic activity over 10 years. If Issue 1 does not pass, the state will lose millions of dollars for road funding. Meaning, our inadequate road system and congested traffic conditions will become worse. Continued critical funding is needed for ALL of Arkansas, and Issue 1 will do this **without raising taxes!**

WHO SUPPORTS ISSUE 1?

Issue 1 is supported by small business owners, mayors and county judges, teachers, chambers of commerce, state legislators, public safety officials and first responders, farmers and the agriculture industry, trucking and the transportation industry, healthcare professionals, and general contractors.

WHO BENEFITS FROM THE PASSAGE OF ISSUE 1?

Regardless of your location or vocation, Issue 1 supports **ALL OF ARKANSAS:**

- ◆ Everyday Arkansans - we are a rural state. Arkansans from EVERY CORNER need a reliable road system that can ensure SAFE and efficient access to work, healthcare, schools, and recreation.
- ◆ Economic Development – we must continue to recruit new business. Sound infrastructure is key to ensuring we can compete for new jobs.
- ◆ Agriculture – our state's number one industry. Farmers depend on safe and reliable infrastructure to get their goods to market.
- ◆ Tourism – our second largest industry. Accessible roadways play a huge part in attracting people to destinations.

WHY SHOULD YOU SUPPORT ISSUE 1?

Issue 1 will continue to provide needed funding for roads in all four corners of the state. Issue 1 will make our roads safer, support jobs and provide economic activity **without raising taxes!**

WHAT CAN YOU DO TO SUPPORT ISSUE 1?

Know the impact

Share the message – Spread the word about Issue 1 to your family, friends, neighbors, and co-workers. Let them know about the impact Issue 1 will have on them and encourage them to support Issue 1.

Contribute – Visit our website, www.voteforroads.com, to donate.

HOW IS THE CITY AND COUNTY TURNBACK AMOUNT FORMULATED?

City and county turnback is calculated differently according to Arkansas law. City turnback is based only upon the proportion a city's population bears to the population of all cities and towns. County turnback is determined from five factors, all having different weight — (1) area; (2) motor vehicle fees paid in the county; (3) total population; (4) rural population; and (5) an equal, 1/75th share, of the remainder.

**VOTE FOR
ISSUE 1
NOVEMBER 3, 2020!**

\$89,557,558

Amount Generated Annually for Cities and Counties by the .5% Sales Tax

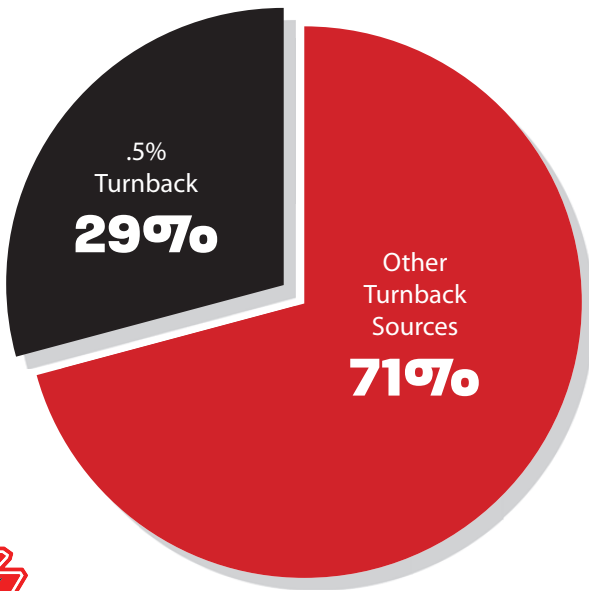

ESTIMATED CITY AND COUNTY TURNBACK

Annual Receipt Analysis Based on Possible Funding Scenarios

The total turnback revenue generated to pay for Arkansas county roads and city streets is \$280 million annually. Of that figure, 29% is generated from the current .5% sales tax. This is why the continuation is so important.

Report prepared by the Arkansas Department of Transportation for internal planning purposes only. Source information provided by the Arkansas State Treasury, and Arkansas Department of Finance and Administration.
